

Dear Parent/Guardian,

Our school believes that every child, regardless of their ability, should feel included inside and outside of the classroom. It's a value shared by the UK's leading learning disability charity Mencap. Which is why we have teamed up with them to run a brand new project at our school called Get Arty!

Get Arty! is about getting our pupils, of any ability involved in fun, curriculum based art activities and inspiring and educating them through the joy of creativity.

The aim of the project is to encourage our pupils to be more accepting of difference, both inside and outside of the classroom. What's more we will be helping to raise vital funds to make a real and lasting difference to the lives of people with a learning disability, their families and carers.

### How can you help?

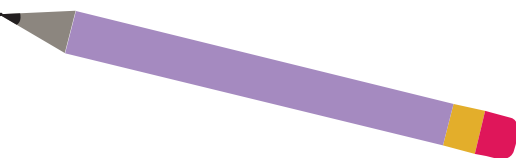

Our school will be running Get Arty! on [insert date/s of your event]

We ask for a small donation of £1.00 for each child to take part with art.

Thank you for helping us to Get Arty! and helping us to raise funds to support people with learning disabilities across the UK.

Yours sincerely

Get! Arty, team
